## AGM update

Following on from the AGM last month, the committee would like to say a very big thank you to outgoing committee members and welcome new members to the committee.

We start by saying farewell to Keith from the presidents position and welcome Leni. We thank Keith for his leadership and guidance over the last year, and wish him all the best ongoing. We would also like to thank Jacqui Patterson for her years in putting together the HTC newsletter, and keeping us informed in such a visual way.

But we need to say a huge Thank You to Dot McMaster, as she steps down from Mid week ladies convenor. We haven't worked out the length of time that Dot has held this position, but it has been a quite significant contribution to the Healesville Tennis Club.

We welcome Michela Scully as the new Mid week ladies convenor, and Laurie Webb to the committee, and we look forward to working with both on the committee.

## Covid-19 Update

Unfortunately with stage 4 restrictions still in place, there is no good news for tennis players at the moment.

Tennis Victoria is negotiating with the Vic Government to look at some sort of return to tennis from 28th September, when the first step out of stage 4 is being considered.

So lets hold out hope that tennis will be available to us soon in some form.

Meanwhile: we hope that you are getting your tennis fix from the US Open

## Membership 2020-21

In recognition of the lack of play opportunities over the last 6 months, the HTC committee proposed that the current membership year is extended to end January 2021. At this time the new membership year will commence and memberships will be based on a pro rata basis, with no increase to current 2019-20 memberships fees.

This effectively means that the 2021 membership year will be 7 months.
